PROFESSIONAL EXPERIENCE

JR. REACT.JS DEVELOPER | JAN 2024 - JULY 2024

W3 Digital agency | Perinthalmanna

- Frontend Design & Development:** Responsive UI for optimal user experience across devices and screen sizes.
- Responsive UI:** Developed and maintained responsive user interfaces that ensure optimal user experience across various devices and screen sizes.
- API Interaction & Integration:** API interaction and integration (RESTful APIs, third-party libraries).
- Collaboration:** Collaborated with cross-functional teams to design and implement new features.
- NPM Packages:** NPM package management for streamlined development.
- Problem-Solving:** Optimized application performance, fixed bugs, and ensured high-quality code.
- React.js:** Stayed updated with the latest React.js updates and best practices, applying innovative solutions in development projects.

PROJECTS

• Tomato (Food delivery Website)

Developed a comprehensive food delivery platform with user authentication, payment processing, and order management. Utilized React.js, Node.js, and MongoDB to create a seamless user experience.

Tools Used: React.js, MongoDB, Express.js, Node.js, CSS, Bootstrap

• Gym Website

Developed a fully functional gym website using the MERN stack, enabling users to connect with the gym through a contact form with email integration.

Tools Used: React.js, MongoDB, Express.js, Node.js, CSS, Bootstrap

• Petogon (Pets adopt App - React Native)

Developed a React Native app for pet adoption, utilizing Firebase as the backend. User authentication via Google login (Clerk method). Pet owner chat functionality for adoption inquiries are also included.

Tools Used: React Native, Firebase
